Madisonville is one of the most flourishing of the many suburban towns of Cincinnati, It is situated about fourteen miles from the city on the line of the Cincinnati, Washington and Baltimore Railroad. Our correspondent learning of the severe case of Mrs. John G. Lindsley and her sudden cure, called on that hady at her home in Madisonville. Said Mrs. Lindsley:

"Words would scarcely express the torture I endured. The rheumatism I had was in no particular part of the body, but

was in no particular part of the body, but was all through my system, prostrating me so that I was entirely helpless, not being able to feed myself. My physician, who is one that we have employed in our family for many years, gave me no encouragement whatever. He said there was no use of my white well-dies at I recover would be any taking medicine, as I never would be any better, but might live in this terrible con attion for many years. About this time my son was recommended to get some Athlophoros for me by Charles H. How-ard, conductor on the Cincinnati, Washing-ton and Baltimore Railroad. Mr. Howton and Baltimore Railroad. Mr. Howard said it was an excellent medicine, as he
had used it himself. On the strength of
this recommendation my son brought some
home for me to try, but as I had already
used so many different kinds of medicines
without ever getting relief I was somewhat
reluctant about taking any more, thinking
they were all alike—no good. But such
was not the case with Athlophoros. After
taking only part of a bottle my pain ceased
and I was able to walk about. The change
was so sudden and so miraculous that I
could scarcely realize that I was getting
well. I used about eight bottles and since
then I have not suffered any to speak of."
At the general store of Aikens & Hensel
Mr. E. A. Hensel said:

"I have been subject to neuralgia of the
stomach for many years. To say I have

stomach for many years. To say I have used many kinds of medicines without any benefit would be a very moderate way to put it, but I can say that I would not take \$1,000 for what two and one-half bottles of atthlembores has done for ma." Athlophoros has done for me."

"Then it has cured you of the neuralgia

'Yes; and we now sell it in the store."

"Yes; and we now sell it in the store."
"Having used it so satisfactorily yourself you no doubt sell considerable on
your own recommendation?"
"Yes; we do. I make it a point to say
a good word for Athlophoros whenever I
can, as it has done for me what all other
medicines and doctors combined had failed

medicines and doctors combined had failed to accomplish."

Charles H. Howard, conductor on the accommodation train of the Cincinnati, Washington and Baltimore Railroad, and a resident of Chillicothe, Ohio, is well-known to the patrons of that road. Many of his friends and acquaintances will doubtless remember of his being afflicted with rheumatism so that for five and a half months he was laid up and detained from his duties as conductor. Said Mr. Howard to one of our correspondents: "Athlophoto one of our correspondents: "Athlophoros is the medicine that brought me back to ros is the medicine that brought me back to my duties, after being laid up so many months. After I had used about every kind of remedy I ever heard of I commenced with Athlophoros. I took my first dose on Friday. On the following Monday I dis-pensed with cane and went to work, where I have been without losing any time ever since. I consider it an excellent medicine for rheumatism and would advise any one so afflicted to give it a trial "

"Oh, pehaw, man," said Alec, as he rode on toward the cabin, "you musn's get down in the month, just because it snows a little and we have no feather bed to sleep on to-night. It will all be right in the morning."

When the two boys arrived Alec Had

aken a survey of the premises, and had tied the pony in one corner of the cabin, determined to make the best of things. The cabin had no floor and no roof, except a little on one corner, which Alec hought would help to keep the snow off of them a little. The chimney had fallen down, so that the only chance was to make the fire on the floor. A good to make the fire on the floor. A good sized log was rolled out in the middle of the cabin, small wood provided and soon a bright fire was blazing beside it.

That Tired Feeling

The warm weather has a debilitating effect, especially upon those who are within doors most of the time. The peculiar, yet common, complaint known as "that tired feeling," is the result. This feeling can be entirely overcome by saking Hood's Bareaparilla, which gives new life and strength to all the functions of the body.

"I could not sleep; had no appetite. I took Hood's Sarnaparilla and soon began to sleep soundly; could get up without that tired and languid feeling; and my appetite improved." R. A. Sarrond, Kent, Ohio.

Strengthen the System

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the combinates of remedial agents; 2d, the propertion; 2d, the process of securing the active medicinal qualities. The result is a medicine of urusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.
